john edward stapley

John Edward Stapley studied in Johannesburg and at the Hammersmith School of Art in London. He held his first one-man exhibition two years ago and also participated in group exhibitions at the Adler Fielding Gallery.

Stapley is a keen mountaineer who has climbed the peak of Mount Kenya and in the Dolomites in Northern Italy; but his greatest love is painting.

His favourite medium is water-colour although he sometimes paints in oils. His one-man exhibition at Gallery 101, Johannesburg, opens on Sept. 29.
